

HEAT SEALED POWDER COAT STEEL 10 BRONCHOSCOPE DRYING CABINET, KEY LOCK

SureDry SCOPE CABINETS

Scopes not included

SC5430DRDP

Features:

- Meets or exceeds Joint commission, AORN, SGNA, and AAMI guidelines.
- Positive pressure fully redundant fan system
- Industries only unit with 2 intake fans and 1 exhaust fan
- Fan run time is fully adjustable and activated each time cabinet is closed
- HEPA filter removes 99.7% of particulates, .03 Microns
- Industry first replaceable HEPA Filter system without removal of scopes
- Holds 10 bronchoscopes with secure adjustable mounting system
- Medical grade electrical system
- Tempered glass double doors
- Easy to clean removable drip tray
- Multiple locking options available including badge entry
- Overall cabinet dimensions: 67.75" H x 30" W x 24" D
- Stainless steel or heat sealed powder coat low carbon steel, available in over twenty color options
- View colors online:

Why is a positive pressure system important?

The unique design of the SureDry Scope Cabinet includes both top fans for intake and lower fans for exhaust. This push/pull design creates a vortex of air that flows through the cabinet ensuring maximum drying efficiency.

Intake:

Intake airflow comes through separate HEPA filters (which remove 99.7% of particulates, .03 Microns) driven by fully redundant fans producing a positive pressure vortex from the cabinet top. This creates an even circular motion of airflow over all scopes.

Exhaust:

The lower exhaust fans pull the circulated air out of the cabinet ensuring the flow of air is consistent from top to bottom, providing a complete drying system for the entire scope. This push/pull multiple fan system (an industry first) ensures a positive pressure system to meet all major guidelines and it ensures forced drying and equal drying levels across the full length of each and every scope.

SureDry Cabinets: A Smart Choice

to Meet and Exceed Current AORN, SGNA and AAMI Guidelines

Scope Storage Guidelines	Forced Air Drying	HEPA Filtered Air	Hang Scopes Vertically	Scopes Must Hang Freely, No Touching or Coiling	Easy to Clean and Disinfect	Closed Door Cabinet	Positive Air Pressure	Circulated Air Environment	Connectors — Use Disposables or Reusables Stored w/Scopes	Dry Scopes Completely	Uses Channel Drying (with Dri-Scope Aid®)
ANSI/AAMI ST91:2021	SureDry scope cabinets, with or without Dri-Scope Aid®, meet and exceed updated guidelines
