These storage cabinets are designed around the most innovative modular tray system on the market and feature your choice of door style for security and ease of access.

MEDSTOR MAX
CABINETS

WHY CHOOSE MEDSTOR MAX FOR YOUR STORAGE SOLUTIONS?

• **Offers up to 30% more tray and basket storage capacity when compared with leading competitors products.**

• **Adjustable dividers have a unique clip-in design to stay in place when heavily loaded.**

• **Unique design of side panels, combined with pull-out stoppers, allows trays to be viewed at an angle without falling out of the cart.**

• **Available in multiple locking options on glass door models – key lock, E-lock & keyless entry with audit trail.**

Engineered and Manufactured in the U.S.

MEDSTOR MAX
MEDICAL STORAGE

MSPM82-00GK (2-WIDE)

Tambour door models like the one above use a handled door front that rolls directly into the cabinet roof. They are useful for situations where the door needs to remain open all day long, but they are limited to a key lock and cannot incorporate LED lighting.

MedStor Max glass door storage cabinets come with the following standard features:

• Unmatched quality of construction — built to last using professional-grade design and manufacturing for medical-grade applications
• Largest selection of locking options in the industry including badge entry and WiFi-capable locks
• Improved, better refined aesthetics featuring sleek new door handles and hinged doors
• Stacks flush with walls or other

cabinets — we don't use easily misplaced removable handles or bulky exterior hardware
• Doors can swing open up to 270 degrees, which is great for leaving cabinets open during busy days.
• Features a true 24" interior cabinet depth able to store boxes two feet deep
• Customize your cabinet with any combo of trays, baskets, shelves or accessory packages
• Interior side panels offer multiple insertion points in every column creating

a system of organizational possibilities
• Modular trays can be pulled out at an angle and "clip-on" locking safety features help minimize the risk of trays falling out
• Optional dimming LED lights toggle on/off when the door is open, ideal for use in surgical areas for better procedural vision
• Industry best 5" quiet rolling Tente® casters for superior mobility - 1 steering and 1 braking caster
• Cabinet is delivered fully assembled - **accessories not included**

The slimline model is a single column, horizontal format cabinet with a shallow depth for tight hallways.

Build your MedStor Max storage cabinet to meet your specifications by choosing from the following options:

NUMBER OF COLUMNS
Choose from Single, Double, Triple or Quad column options. A Single column Slimline version is also available.

FINISH/MATERIAL TYPE
Choose from Heat Sealed Powder Coat Steel or Stainless Steel finishes.

CABINET HEIGHT
Choose from Full Height, 3/4 Height or 1/2 Height options.

DOOR TYPE
Choose from standard glass doors, tambour doors, solid metal doors for extra security or no door options.

FIXED OR MOBILE
Choose from our standard mobile base with wheels, a fixed base with levelers or a shortened base with levelers for tight spaces.

LOCKING OPTIONS
Choose from our standard key lock, an electronic lock, a keypad lock with or without a proximity reader, a WI-FI-capable lock or a basic latch lock.

SIDE PANEL AND COLUMN OPTIONS
Customize your interior setup with a split column or any number of panel configurations to accommodate your chosen accessories.

ACCESSORIES
We have a wide variety of trays, baskets, shelves, dividers, labels and catheter slide shelves to perfectly outfit your cabinet.

BASE ALTERNATIVES

MedStor Max cabinets come standard with 5" quiet rolling Tente® casters to keep your storage mobile. But for those that need stationary storage cabinets, we offer two options: a standard height base with legs or a short base for rooms that have lower clearance. Each version includes levelers to help cabinets stay level.

Stationary Base with Levelers   **Zero Base with Levelers**

SPLIT COLUMN MODELS

Double column cabinets can be either two single columns or one double wide column, however a split column cabinet provides the best of both worlds. The SPLITA version has two single columns above with a double wide column below, while the SPLITB is the inverse of that. These configurations are ideal for holding catheters & optimize storage space.

MEDICAL STORAGE ACCESSORIES

MS-SH-24 *Shelf for single column MedStor Max*

MS-SH1-24-V3 *Shelf for single column MedStor Max with 2 adjustable dividers*

MS-SH2-24-V3 *Shelf for full double column MedStor Max with 5 adjustable dividers*

MS-DRW3K-1COL *(1 column, 1 drawer)*

Remove your plastic cabinet side panels and replace them with any amount of permanent, fixed shelves.

10 REASONS TO CHOOSE HARLOFF FOR MEDICAL STORAGE

Premium Grade Quality

1

*Our medical grade cabinets are proudly **made in the USA** using top manufacturing techniques. We stand by our work with an industry leading 12-year manufacturer's warranty.*

Increased 270° Door Swing

6

Doors can swing up to 270 degrees, great for leaving cabinets open during busy days. Optional magnets help keep open doors flush to the cabinet body.

Limitless Possible Combos

2

***Customize your cabinet** with any configuration of trays, baskets, shelves or accessories/packages. Interior side panels within each column create a system of multiple organization possibilities.*

Integrated Side Handles

7

*We don't use easily misplaced removable handles or bulky exterior hardware. **MedStor Max handles are built into the cabinet body** so they can stack flush with walls or other cabinets.*

Highest Capacity Storage

3

*Our cabinets feature a true 24" interior cabinet depth able to store boxes two feet deep. Offers **30% more tray or basket storage capacity** when compared with leading competitors products, using any 2", 4" and 8" modular trays or 3", 5" and 8" wired baskets.*

Your Choice of Lock Type

8

*We have the **largest selection of locking options** in the industry including badge entry and WiFi-capable locks. View the options online at https://www.harloff.com/locking-options/*

Recessed LED Lighting Option

4

***Optional dimming LED lights** toggle on/off when the door is open, ideal for use in surgical areas for better procedural visions.*

Modular Trays that Safely Extend

9

Trays can be pulled out at an angle, and "clip-on" locking safety features help minimize the risk of falling trays.

Multiple Door Options

5

***Select our standard glass doors** option or choose a tambour door, solid doors, sliding doors or even no doors at all!*

Stainless Steel or Color

10

*All cabinet sizes **available in stainless steel** or choose from over twenty color options.*

STAINLESS STEEL
